Master's

Message

Dear Brothers,

Zeta Lambda is once again on its way upward. As we all have witnessed in the past, our chapter works hardest in the face of adversity. Last fall our chapter's grade point average was below both the All Men's Average and the All Greek Average. When the reports for this past spring's grades arrived, it showed our chapter to be slightly above both the All Men's Average and the All Greek Average.

At the beginning of this semester we were faced with both a fraternal and financial tragedy: we had only forty-two actives. Faced with this situation, we struck out to have the most successful rush in recent years. On the night of accepting pledges, we took thirty-six of the sharpest guys on Murray's campus. When Homecoming, October 18th (at Ken-Bar) rolls around this will be quite apparent.

During the summer, fourteen of our active brothers and numerous Alumni attended our National Congress in Louisville. Between meeting many Alumni, listening to some war stories and having a wild elevator party with Darrell Venters, Rat Stout and the Wilson Brothers, Congress was an extremely rewarding week. I would also like to congratulate Brother Pat Brown on his re-election as Worthy Grand Chief.

I would like to express my deepest thanks to all of my Alumni brothers who took time out at Congress to help me and also for their recent help in my preparation for this most critical semester. The chapter and I feel that your help has done wonders and can be proven by the number of quality pledges we have taken this time.

In closing, I would like to remind you of our Homecoming celebration on October 18, and of White Rose on November 22 at the Executive Inn in Owensboro. I also would like to announce the pledging of Kevin Perry, the son of Charter member Gordon Perry of Brownsville, Tennessee.

I truly love and respect all my brothers,
Mike Devers
Worthy Master

In The Community

Of all the committees in the fraternity the most important to the community is the social service projects. The importance of this job is to show the community that ATO is obviously concerned and ready to help them in any way.

This fall as social service co-ordinator, I am planning to have a tennis tournament sponsored by various businesses in the community with all the proceeds going to The Red Cross organization. The tournament will be held sometime in late October and for those competing there will be T-shirts (for everyone) and trophies to the top finishers. All students will be allowed to participate in the tournament. I am sure it will be a success, thanks to Brothers' Mats Ljungman and Finn Swarting, who will be assisting me to make sure everything runs smoothly. Other social service projects are being formulated and will be disclosed at a later date.

I love all my brothers,
Mike Costigan
Social Service Co-ordinator

Chapter Financial Report

Dear Brothers,

At the present time, our Kentucky Zeta Lambda chapter of Alpha Tau Omega is just keeping its head above water. Because of a decrease in the number of active brothers and the small size of recent pledge classes, the Chapter is barely able to meet it's financial commitments. However, we are meeting these requirements and have not yet had to take out a note to meet any payments.

This fall semester also looks promising in that we took an excellent pledge class of 36 and this will greatly aid the Chapter in the spring and following semesters.

All in all, the Chapter is struggling a bit, but the future looks very optimistic.

I love and respect all my brothers,
Taylor Hoover
Worthy Keeper of the Exchequer

Sports Round-Up

The Alpha Tau Omegas again showed their dominance in the 1980 spring sports calendar. The basketball team went undefeated during the regular season only to be disappointedly upended in the finals of tournament play. Rich Alde led all scorers followed by Paul Cavaugh.

The next sport was volley ball which proved to be a very successful season. We pulled off some impressive victories, winning the fraternity division and finishing runner-up in the all-campus division.

Congratulations to all brothers! Our academic average, which is a very important part of the All-Sports trophy has been increased from a 2.28 to a 2.41. So let's keep up the hard work.

In softball, we won the Pi Kappa Alpha Invitational Tournament during Greek Week. The first two games of tournament play ended in 4 innings with the ten run rule being put into effect. The final game ended in a hard fought 12-11 victory over the Pikes. In the bottom of the last inning, the Pikes with the bases loaded, hit a hard line drive down the third base line, but to no avail as Bobby Partin found the handle to retire the side and to insure the game. Our powerful barrage of home runs was led by Bobby Partin, George Carter, Rick Jackson, Keith Barber and Doug Doris.

The current semester is underway and we're again optimistic about intramurals. We started our softball season off with an impressive 17-7 victory.

We certainly hope that our success continues on the intramural field, because it is just one of the many areas

in which the Alpha Tau Omega Fraternity at Murray State excells over the other competing fraternities.

I love and respect all my Brothers,
Randy Bethel
Sports Chairman

ATO — March of Dimes “Run For Life”

Dear Brothers,

As all of you well know, we here at Zeta Lambda have a fine tradition of service to the community. However, in recent years, the social service facet of the fraternity has become an option rather than a priority. It was just this past semester that the fraternity saw the need to change this attitude and again place pride in our civic duties. I personally believe the chapter has chosen an avenue which will continue to grow and prosper and bring much needed **good** publicity to ATO. It is called the ATO March of Dimes Run For Life.

It all began early last semester when the thought of a good social service project became a priority. We wanted something worthwhile, a project that would involve everyone. It had to be fun but still do its job in helping out a good cause. The cause became the March of Dimes. The next problem was deciding what we were going to do for them. With the emphasis placed today on physical fitness and running, we chose to run for those who could not. Zeta Lambda sponsored a 10,000 meter cross country run and a 1 mile fun run. With the idea in the head, the planning and preparation started. We decided to charge only an entry fee for the runners and that all proceeds would go to the March of Dimes. T-shirts, trophies and ribbons were to be awarded to participants in the race. This ran into quite an expense. Brothers canvassed the Murray area soliciting donations from businesses in

return for free advertising (besides a good tax write-off). The money collected from the businesses went to pay for expenses of the race. It seemed as if the details became more involved the further along we went. Taking care of registration, marking off the course, getting race equipment, all became somewhat trying on the patience. It could not have been done without the help of Brother Greg Fox, who happens to be in the top 5 on the Murray State Track Team. Greg took care of all the details of the race itself and was instrumental in planning the race. But I guess if you've run in as many marathons as he, it might get to be old hat.

However, through some good fortune, the details were taken care of and the day of the run arrived. Since we had no advance registration, we had no idea how successful it would be. Were we ever surprised! Over 70 runners were on hand that day ready to tackle a grueling 6.2 mile course over the outskirts of Murray. The race was started with our old faithful canon posing as a starting gun, and it took just over 29 minutes for the top finisher to finish. For you runners out there, you know that is an outstanding time. Those were some notable participants in the race. The 1969 OVC Championship Track Team, Coach Bill Cornell, Drs. Adam Lanning and Adam Hough along with several community leaders and tracksters from Paducah, Mayfield, Paris, Tenn. and Marshall County. After the awards ceremony, almost all of the runners commented on the smoothness of the race,

the quality of the course and awards and the fun they had running. It turned out to be a bigger success than imagined.

If you think I sound excited about this, you're right. This was a shot in the arm that Zeta Lambda needed. With advertising in 4 newspapers, 17 radio stations and television, ATO received publicity that wasn't retorting fraternity life for a change. The Run For Life will return this spring, bigger and better than last year. And I hope it returns for many years to come. It is an expensive undertaking. It was confined to a small scale this year and yet our cost was over \$800. We still broke even, however, and donated almost \$250. to the March of Dimes. If you alumni would like to help, just drop a check in the mail and stipulate it is for the Run For Life. Remember, it's tax deductible and any donation would be a greatly appreciated gift.

My thanks go the alumni who have businesses in Murray as their financial and moral assistance was a necessity. I also want to thank the brothers and little sisters of Zeta Lambda for a job well done. Without everyone's help, none of this would have been possible. Be watching for more info on the 2nd Annual ATO March of Dimes Run For Life. We'll make sure you get the word in plenty of time to get in shape and make a weekend out of it at the frog house.

I love and respect all my brothers,
Dave Hargrove
Social Service Coordinator

Our Little Sisters

Keeping with tradition, the ATO Little Sisters have played an active part in many of the functions at the ATO house. Last semester some of the activities included cookouts on various occasions and also the Little Sister Carnival and Box Supper Auction. The Little Sisters also had an important role in Fall rush by preparing refreshments for the slide presentation and the smoker. A Hawaiian Luau was also put on during rush providing a different atmosphere for the brothers and Rushees. A Little Sister Function, World Series Party, House Clean Up, and cookout, are all being planned for the remainder of the semester. The Little Sister Chapter now has 32 active members and 2 advisors, Mike Adkins and Scott Lawson. We would like to thank last semesters Advisors Dave McGullion and Keith Barber for doing such a great job. The Little Sisters appreciate the support given by all of the brothers during the past year.

I love all my brothers and Sisters,
Dianna Lee

1980 Third Annual Frog Hop

Though clothes were dampened by inclement weather, spirits were still high at Zeta Lambda's third annual Frog Hop, April 26, 1980.

Participants consisted of all sororities with each given two coaches — carefully selected from the chapter. Festivities began at 2:00 p.m. with certain special features as ATO's patented "swampwater", frog legs, fresh barbecued deer meat and excellent hors d'oeuvres provided by our great Little Sister chapter. A band provided great entertainment throughout the night. But besides good food, good music and special swamp-water, was the Frog Hop itself. At 4:00 each sorority drew a number which entitled them to a turn at picking any strong-looking frog. After the distribution of contestants was finished, some last minute instructions were given, then came the jump. Each frog was given three jumps from authorized starting points. All three individual jumps are calculated together with the longest one being the winner. After seven frantic frogs took their assigned jumps, the AOTT sorority proclaimed victory and provided yet another reason to celebrate. As for the brothers, we had a lot to celebrate ... We're ATOs!

Love all my Brothers,
Matt Wolfe
Chairman of Frog Hop

Home Sweet Home

Well if I must say so myself, the "Frog House" is really looking sharp. We started working on the house a week or so before school started and thanks to the brothers that pitched in and helped, the house was ready for the fall rush before the students came rolling in.

Here are a few of the repairs and improvements we have made recently: thanks to Mitch Henson, the memorial has been repaired after it was vandalized; Dave McGullion, Rich Alde, Don Gish and all the brothers that helped, did a great job landscaping the yard for last spring's Frog Hop festivities; we put an additional air conditioner in the game room to "cool" the "hot" parties; also to cool the hot bodies at the party, we now have a keg cooler (thanks to Dave Graham and Marc Peebles) that keeps three kegs ice cold; thanks to the Housing Corporation's matching fund idea we were

able to get some of the furniture reupholstered in the house; also we steam-cleaned the carpet in the house and replaced the windows that got broken out by the "ghost".

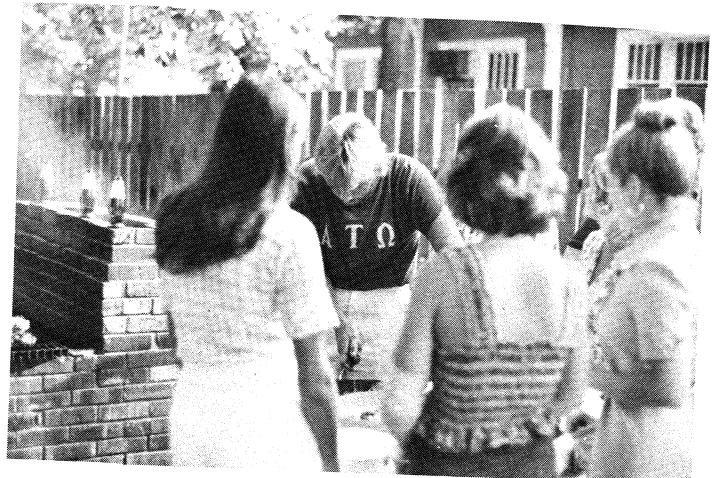

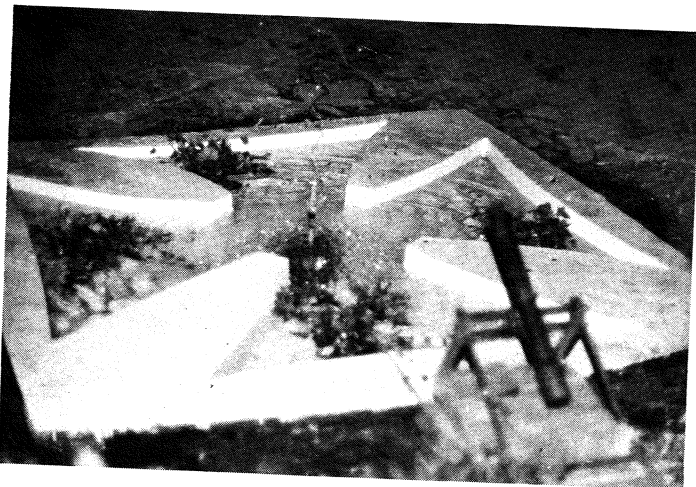

Here are a few things that we would like to get done in the near future: replace the carpet on the stairs in the house; take down the bannister and fix it up right; new curtains would really give the "Frog House" a whole new appearance; replace the bathroom linoleum; (burn the annex?); the front and side porches would really be sharp with astroturf on them — that is being looked into now; and last but not least, we sure could use a game room or enlarge the present one! I realize these goals are idealistic but if we keep on working the way we have in the past we can do these repairs/improvements plus others along the way.

Again, our Little Sister chapter deserves

some recognition (as usual). During rush they all came over and cleaned places where only women could find dirt — places I would never have thought got dirty. They threw a big "Hawaiian" party and they really had the place looking great. They also have another work day planned before Homecoming. It sure is great to have a Little Sister chapter like ours behind us in what we do!

We are really looking forward to seeing all of you back at Homecoming this year. We are continuing the traditional role of the ATOs at Murray State with a house full of history, tradition, great times and, most of all, brotherhood. The pride we all have for our fraternity and house is unsurpassed by any.

I truly love and respect my brothers,
Keith Barber
House Manager

Homecoming — '80

At A Glance

The weekend of October 16th, 17th, and 18th, are the days to remember. The Taus are off to a great year as are the Murray State Racers. As I write this article the Racers are 2-0, defeating SEMO and Youngstown State soundly. We are excited that this homecoming will be even better than the past ones. I know the brothers and little sisters are fired up.

The Frog's homecoming festivities will begin Thursday, October 16th with a welcome back barbeque starting at 6:00 p.m. at the house. Friday, October 17th we are going to have the annual cocktail party starting at 8:00 p.m. Saturday, October 18th for those who would like to see the Homecoming Parade starting at 10:00 a.m., be sure to look for the ATO's cars carrying our 1980-81 Sweetheart Paula Hagan and attendants Kathy Harberson, Lynn Odom and Ann DeSanctis. At 1:30 p.m. the Racers take on Middle Tennessee and after a successful win the Taus are off to KenBar Inn for the Homecoming Dance. The dance will begin at 9:00 p.m. in the Grand Rivers Room, which is the downstairs facility. There will be a cocktail lounge set up for the Alumni and brothers who would like to get together and visit.

We are fired up and we are in hopes that you will get fired up also and make it back to Frog central. It will be a big time, so make plans to attend and start making room reservations today. If you would like to call Ken-Bar, the number is (502) 362-8321. See ya'll at Homecoming!

Fraternally,
John Witt
Worthy Chaplain

Schedule:

Thursday 16th 6:00 p.m. — Beer and Barbeque

Friday 17th 9:00 a.m. — MSU Alumni Golf
Tournament
8:00 p.m. — Cocktail Party

Saturday 18th 10:00 a.m. — Homecoming Parade
11:00 a.m. — Alumni Meeting & Brunch
1:30 p.m. — MSU vs. Middle Tenn.
9:00 p.m. — Dance Ken Bar Inn
Alumni Party - Ken Bar Inn

Alumni

Affairs

Dear Brothers,

As Homecoming approaches, it is again time to reflect on the past year, what we have accomplished and what still remains to be accomplished. Our goals of two years ago when the Alumni Association and Housing Corporation merged were to create an Alumni Association responsive to the needs of the Alumni, to create financial stability in the Housing Corporation, and to publish newsletters of interest on a timely basis. Under the leadership of an excellent Board of Directors, all these goals have been realized.

Our property is in relatively good condition with only minor repairs needed. The active chapter has once again remodeled the game room by relocating the bar and creating an increase in floor space. ATO's are respected by their campus peers for the caliber of social functions they conduct.

The financial support of Alumni continues to increase. We still have between three or four thousand dollars to apply to our indebtedness by Homecoming. Because we are a young chapter and our Alumni are just beginning to become established in their careers, we look for the financial support to increase dramatically. The support of each of the Alumni is necessary.

Election of officers for the coming two years is scheduled for this homecoming. I want to take this opportunity to thank you for the honor of serving as President of the Alumni and Housing Corporation for the past two years. I am asking you to give the next President and Board the same support you have given me and I am sure we will continue to progress.

Fraternally,
David Graham

Dear Brothers,

The first breath of autumn has finally arrived on our campus; the students have returned; rush is underway, and we hope to take the fall pledge class next week.

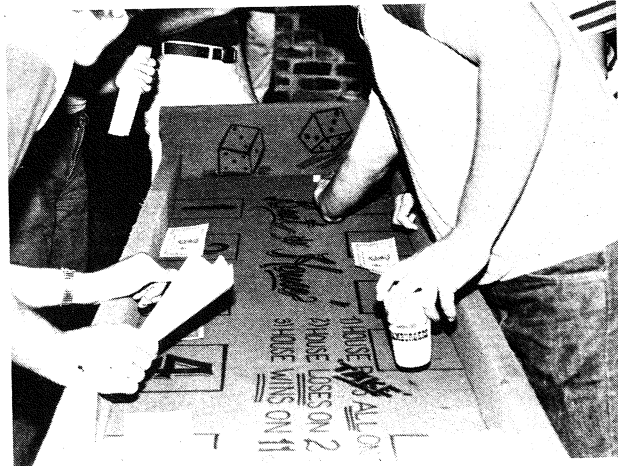

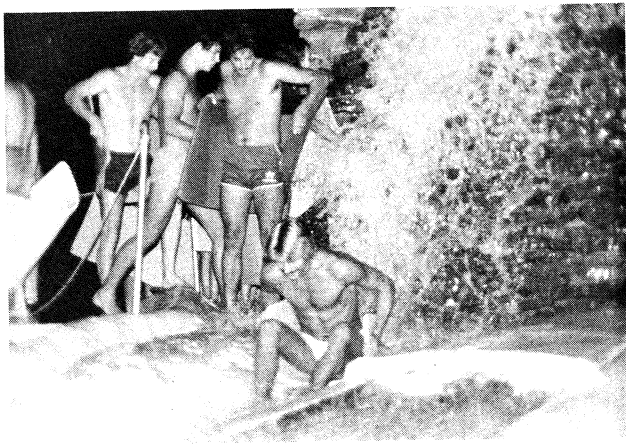

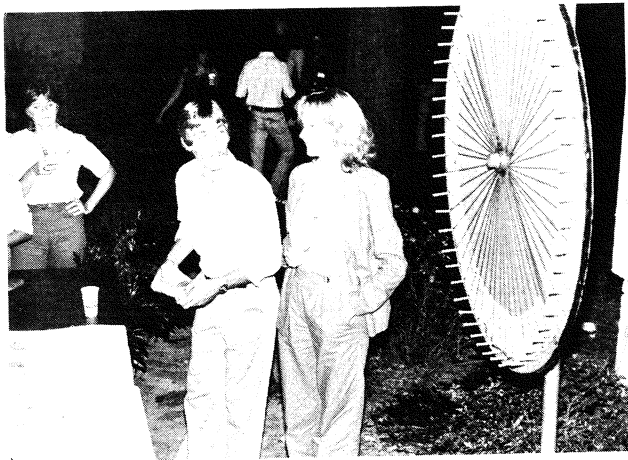

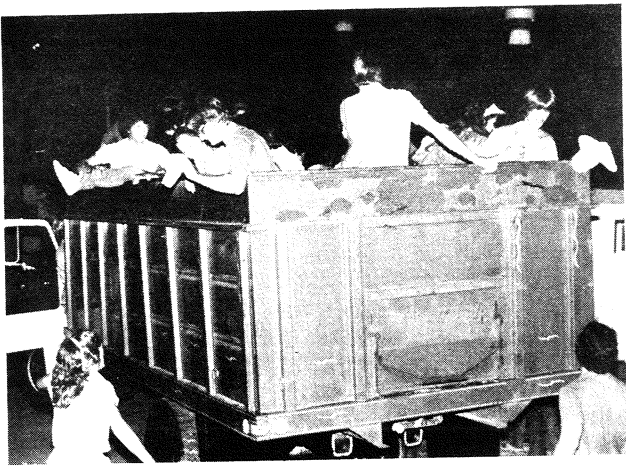

Specifically, I want to take this opportunity to encourage you to return for homecoming. The schedule of events is listed elsewhere in this newsletter; therefore, I will not repeat it here. We anticipate a good turnout this year. Our football team has recently enjoyed unusual success and the range of events scheduled for homecoming has been substantially expanded. Your return will also enable you to become involved with the Alumni Association and Housing Corporation and participate in some fundamental decisions that organization must make. Brother David Graham's service as president has reflected the highest ideals of A.T.O., and he and his fellow officers need your participation and support.

I look forward to seeing you during homecoming.

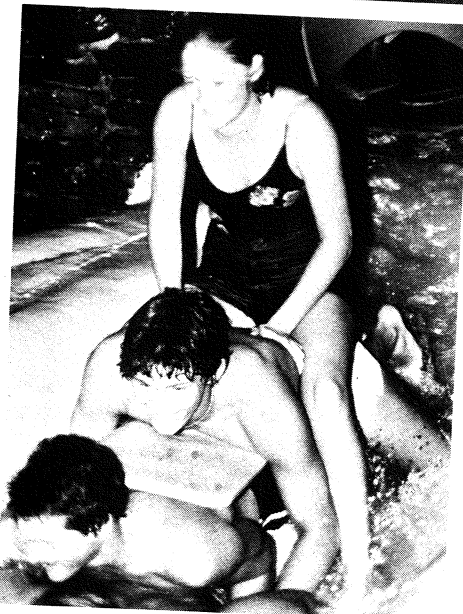

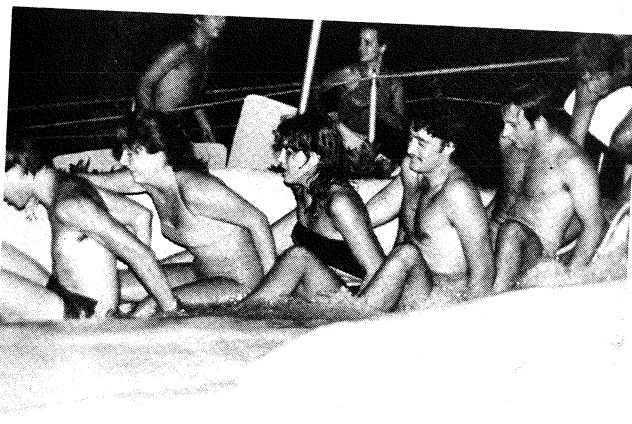

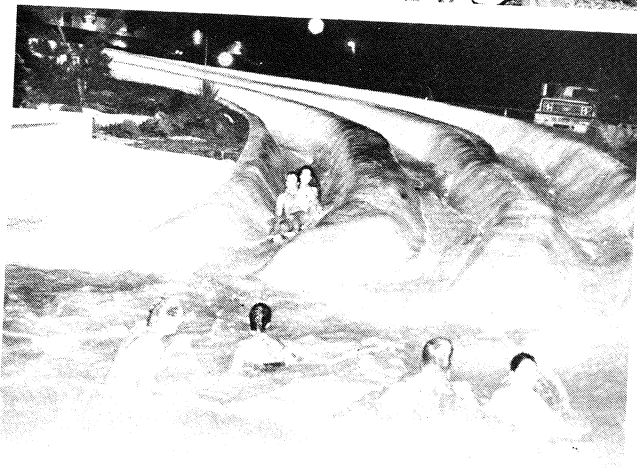

I love all my Brothers,
Kenneth E. Harrell, Advisor
Zeta Lambda Chapter
Alpha Tau Omega Fraternity

Fall Rush

Zeta Lambda just completed one of our most successful fall rushes in our history with 36 pledges. This outstanding pledge class can be attributed to the hard work from each and every one of the active brothers. Rush itself was changed this year, in that each brother was assigned different rushees. This form of personal rush seemed to work much better than the group rush we have used in the past.

Rush this fall opened with a barbeque the Friday of the Labor Day weekend. Sandwiches and kegs were served at 5 p.m. and at 8 p.m. the ATO obnoxious dancers took to the floor to show the rushees the finer points of dancing skills. Fred Astaire and Ginger Rogers would not have been impressed.

Saturday night was Aloha night where the Little Sisters transformed 101 North 16th Street into the Hawaiian Isles. Hurricanes and other exotic drinks were the refreshments for the evening. The tropical atmosphere was added to by girls dressed in grass skirts while brothers wore flowered shirts and sunglasses.

The following weekend was started with a hayride to the Aquaboggen. Three kegs were used to help encourage our guests to try the slide. Accidents were held to a minimum.

Following the football game Saturday night the traditional Monte Carlo party was held. Entertainment was furnished by Brother Rob West and other jazz musicians. Door prizes were awarded to rushees with specially-marked play money.

Next week was Dry Week, which was a new idea of the University and IFC. Wednesday evening the brothers and rushees went out to eat and later returned to the house. Little Sisters served punch and dessert with a slide show following. The slide show consisted of old and new shots to hopefully give the rushees an idea of the ATO tradition at Murray.

The Smoker was the following night (Thursday). Approximately fifty (50) rushees were present with Alumni George Potts being the guest speaker.

Friday and Saturday nights were the dance and victory party respectively. The dance was held at the Murray Jaycee Civic Center and the victory party was after the game, ending rush for fall '80.

I would like to thank all of the brothers and alumni who helped me through rush, especially David Graham, Lynn Gunter, Kerry Harvey and Dwain Taylor. Dwain donated the two trucks for the Aquaboggen and without this favor, the only hayride the brothers and rushees would have had would have been if straw was put in the back seats of their cars.

I would also like to thank Brothers Jim DeCarli and Mike Hainsworth for their work on the Smoker and for just being there when I needed them.

Fraternally,
David McGullion
Rush Chairman

Pledgeship Report

On Sept. 15th, the Zeta Lambda Chapter installed one of the largest pledge classes in our recent history. This pledge class has already shown some of the character and tradition of ATO as displayed in their recent actions, such as yelling "rip rahs" on the night of installation, taking over the house in a raid and having carry-off activities. The members of the Alpha Tau pledge class are:

Marc Barber — Murray, Ky.
Kenny Bucchi — Bellingham, Mass.
Kenny Creason — Benton, Ky.
Walt Davis — Evansville, Ind.
Brad Dowell, Louisville, Ky.
Bob East, Eddyville, Ky.
Scott Gordon — Columbus, Ohio
Billy Holt — Benton, Ky.
Mack Howard — Owensboro, Ky.
John Hudson — Mt. Vernon, Ill.
Jeff Hyatt — Evansville, Ind.
Joe Kauffman — Paducah, Ky.
Dwight McDowell — Murray, Ky.
Mike McKinney — Evansville, Ind.

Alan McLemore — St. Charles, Ky.
Kenny Miller — Frankfort, Ky.
David Mills — Tuscaloosa, Ala.
Doan Moorman — Sikeston, Missouri
Kevin Nowell — Sikeston, Missouri
Clark Noland — Park Hill, Ky.
Jeff Oakley — Murray, Ky.
David Padgett — Tallahassee, Fla.
David Pankey — Caruthersville, Missouri
Bill Pennington - Frankfort, Ky.
Kevin Perry — Brownsville, Tenn.
Kurt Rhines — Shiloh, Ill.
Mike Shields — Henderson, Ky.
Scott Smith — Mayfield, Ky.
Doug Story — Calvert City, Ky.
Brad Taylor — Murray, Ky.
Anthony Thompson — Hardin, Ky.
Kevin Vaughn — Murray, Ky.
Ken Watson — Gilbertsville, Ky.
John Weishiet — Norwalk, Conn.
Steve Willie — St. Louis, Missouri
Shan Williams — Brownsville, Tenn.

Campus Life

Founder's Day

Dear Brothers,

Well, we almost made it to Memphis last spring for Founder's Day but due to a tornado the week before, plans had to be changed at the last minute. We finally got Ken-Bar booked, thanks to Brother Mitch Henson's help and pull. Despite the last minute changes and quick preparations things went real smooth. And by having it closer to home, we were able to have a few more actives and Alums attend. This years' Founder's Day is tentatively set for March 14th in Owensboro at the Executive Inn. So please make plans to attend and re-ignite some old friendships and share Founder's Day with us.

I love and respect all my Brothers,
Mike Hall
Founder's Day Chairman

Parents Day

ATO's Parents Day was held in compliance with Murray State University's Parents Day, which was held on September 13th. Zeta Lambda's Taus held an open house at Frog central the morning of the 13th from 10:00 a.m. to 12:30 p.m. We then moved the progression to The Colonial House for a parents day luncheon with Brother Terry Prater as the Master of Ceremonies.

Brother Lynn "Gump" Gunter was our Alumni guest speaker. ATO had parents coming from all over the country, some as far away as Homestead, Fla., near Miami. The brothers of Zeta Lambda would like to extend their thanks to all the brothers, Little sisters, and parents who made ATO's Parents Day a success.

Fraternally,
John Witt
Worthy Chaplin

As in the past, ATO's are striving to enhance campus life at Murray State University by providing each student with the opportunity of having an outstanding "social life". Our parties have been turning out very well this semester. The little sisters deserve a special thanks for the organization and preparation of what was probably our finest "rush" function of the semester — The Aloha Party. We are very proud of our Little Sister chapter who is still upholding their fine tradition of years past.

We are proud to say that ATOs are still involved in Student Government and other campus organizations. However, our involvement reached a dreadfully low peak last year, we are back on the rebound. Brother Kevin McKellips has a seat on the Student Senate. Their purpose is to control student legislature while the Senate is basically the representative governing body of the university. At press time, Brother Paul Turner and I were among ten names presented to Murray State President Constantine Curris, from which seven will be chosen for the Judicial Board. The Board holds hearings and renders decisions in cases concerning the University Code of Conduct or the SGA Constitution. Also it has the authority to hear traffic violation appeals. I am also serving on the Retention Committee, whose purpose is to determine why students are leaving school and to find new ways to keep them in school until their graduation.

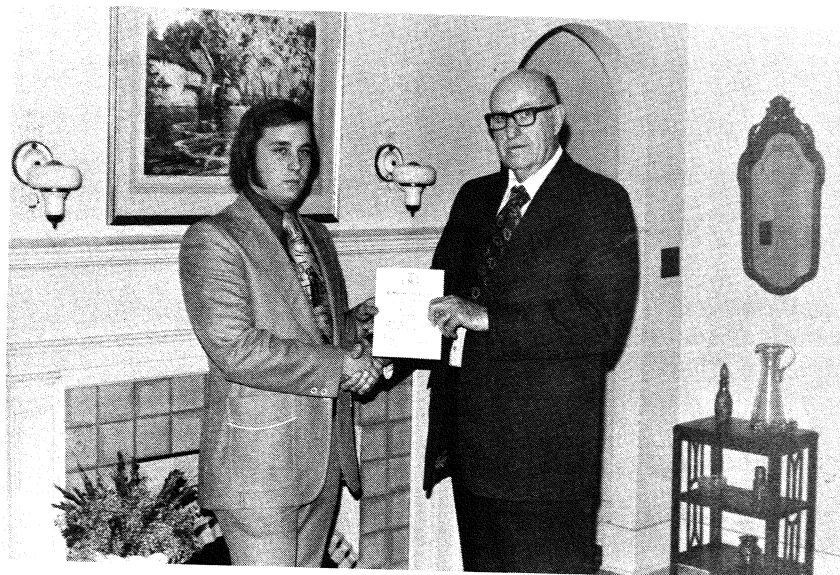

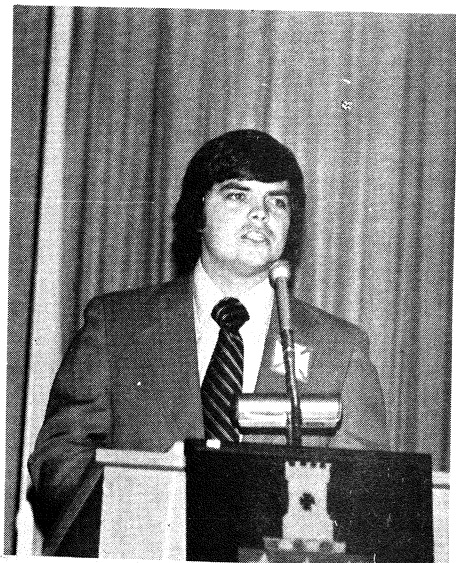

We are also proud to say that ATO's have become involved with sports activities in that five Taus are members of the 1980-81 MSU Cheerleading squad. They are Little Sisters' Kathy Harberson and Dea Blickenstaff; Brothers' Jim Murray, Eddie Whelan and Pledge Marc Barber.

Lastly, a brief word on the Inter-fraternity Council (IFC). It has grown and is finally

becoming a useful tool in the fraternal system. It instigated the formation of a 5-day period of "dry-rush" in which non-alcoholic functions were to be used to entertain rushees. This was **very** successful during rush. Now, the IFC is in the progress of investigating the possibility of "Open Rush". If open rush was adopted, fraternities would be able to rush year-round and there would probably be two set dates during the year in which the respective fraternity could accept pledges.

In conclusion, after a "slack" year in 1979-80, our Alpha Tau Omega Chapter is "on the rebound!"

Fraternally,
Terry Prater

"Our Brother's Keeper"

by Lynn Gunter

It is hard to believe that homecoming 80 is upon us. However, it is, and the active chapter seems to be planning a variety of activities to make us all feel bad on Monday morning.

Once again I have been asked to locate some of the Brothers that are scattered throughout the country. By no way is this list complete, but it is an honest effort to keep you informed.

The Murray crowd is almost the same as always, Randy Lovett, is now working for the Commonwealth Attorney's office. He has a badge and one bullet, no gun yet, but he said it is just a matter of time. Joe Ward, Jim Myers and yours truly are still helping with the running of the University. Ray Dunn is the new principal of Southwest Elementary School. Bill Rayburn is selling "Ocean view" property for Kopperud Realty here in Calloway County. Eddie Young has moved back to Murray, although he is traveling for Hawaiian Tropic and is seldom in the city. Dave Graham is still selling drugs and Bob Dunn owns Holland Drugs.

At this year's ATO Congress several ZΛ's were present for the reception held in honor of Pat Brown. Dave Long made the trip over from Lexington where he is practicing law, as is the infamous David Franklin. There are also a couple of alumni in Lexington pursuing law degrees. Kerry Harvey and Mike Risley are in law school. Brother Lynn Richard is enrolled in MPA program at UK. I understand that is the Municipal Parking Attendant degree. Good luck, Lynn! Jay Rayburn is teaching journalism at UK, Dennis and Carolyn Owens are in Lexington. Dennis recently spent a few days in the Rocky Mountains searching for "Big Foot" and seeking inner Peace! Carolyn

is working for a dentist.

I recently had a call from Ron Sheppard out in Dallas TX. He and Jan are doing fine as is their 1½ year old son, Kent.

I was really happy to see Gene and Lilly Roberts at Congress. John and Marilyn Rowland were also in attendance. John has been on a weight training program and has added about 30 pounds of muscle to his already "wiry" frame.

Roger and Donna Watson are expecting another child. Their little daughter Holly is said to be very excited about the new arrival. As is Roger, in fact he has already selected a name, Enough. Just kidding! Roger has a new job, I believe he said at the cocktail party, he is working for the CIA.

We all should be very proud of our former WM Jeff Taylor and his organization of all the entertainment at Congress. Jeff did a super job and deserves a pat on the back. The main event concerning entertainment was the trip on the Belle of Louisville. The ZΛ undergraduates held a Monte Carlo party on board. Brother Stan Guess was seen fishin' for rare "churn-head catfish" off the back of the Belle! Stan and his lovely wife are also expecting another child.

Tom Strow and Bud Nall are residents of Dallas. Tom is probably the one that shot J.R.

Steve and Mariann Meacham have two off springs now. The newest is about two months old.

David and Ellen Hearn are still living in Metropolis, IL. David is president of a bank there and Ellen teaches school. The Hearn's were visited by the Mark Arnold family this summer. They say the city is now returning to normal.

Rick Garmon is managing a Winn-Dixie in Florida.

There are still a few of the Marshall County ATO's still in the Benton area. Charlie and Phyl Brien are in Benton. Phyl is teaching and Charlie is practicing law.

Big Bob Prince is also practicing law there. Lewis Mathis, Joe Mark McGregor, and William Cent are among the living in Marshall County. One of those three told me that Mike Morgan is married and in the area as well. Robert Strow and his family are in Benton.

I ran into Keith Stout and wife at Congress. Keith was in the process of negotiating some big oil deal with some Arabs at the time. Allan Stout is studying law at Northern Kentucky University in Covington.

As far as we know the Owensboro connection is still doing well. We have a collection of dentist, realtors, car dealers, school teachers and one undercover agent for the FBI, located in the big "O". Mickey and Jodie Johnson visited Murray recently. Mickey works for the Owensboro Real Estate Board and Jodie is teaching school.

Mike and Beth Johnson will be here for Homecoming. Tim and Kathy Redfern were at Congress and are looking great. The Parker boys are monopolizing the car business and Carroll and Larkin Hayden have cornered the real estate business. I haven't heard much from the Richard Strode family or the Jimmy Yeiser family, maybe they will make it down on the 17th and 18th.

Has anyone seen Scott and Greta Wilson? Or Rick Wilson? If anyone hears from them, remind them of Homecoming!

The Paducah connection is still in tack and includes the likes of Steve Powless, Darrell Venters, Terry K. Dunn, Benn Howard, George Potts III, the Bill Beasley family, and the famous golfer Dick Stacey.

Rick Fish and Melanie are back in the area, but I'm not sure exactly where.

Bruce Douglass is doing very well on the PGA tour and is going to be featured in an upcoming Alumni Magazine. Paul Celano and wife are in Foxfire NC. Paul is a teaching pro at the resort there.

There are several Alumni that I have not heard from, that I'm sure you know the whereabouts of. If you will let me know at Homecoming I'll be happy to include them in the next article. Again, I'm sorry for the people I forgot to mention.

Please try to attend the Homecoming activities, our football team is great and the undergraduates are guaranteeing a beautiful weekend.

P.S. Some of the information concerning the occupations of the Alumni were completely fabricated by the author. For more detailed and accurate information, come to HOMECOMING '80!

Graduate Profiles

Pat Gossum

Pat is planning a career with the Big 8 Accounting Firm in either the Louisville or Memphis area. He will receive a Bachelor of Science degree in the area of Accounting and is from Fulton, Ky. Pat has held several offices since he pledged the Zeta Lambda chapter in 1973 such as Worthy Scribe, Worthy Chaplain, Worthy Keeper of the Exchequer, Assistant Pledge Trainer. He has also chaired the By-Laws Committee and the Scholarship Committee.

Randy House

Randy plans to go west to continue his education with graduate school at Southern Methodist University in Dallas after his graduation with a Bachelor of Science degree in finance. Randy, from Lincoln, Illinois pledged in 1976 and has held the office of Worthy Keeper of the Annals while also chairing the Thomas A. Clarke Committee.

Pledges Initiated

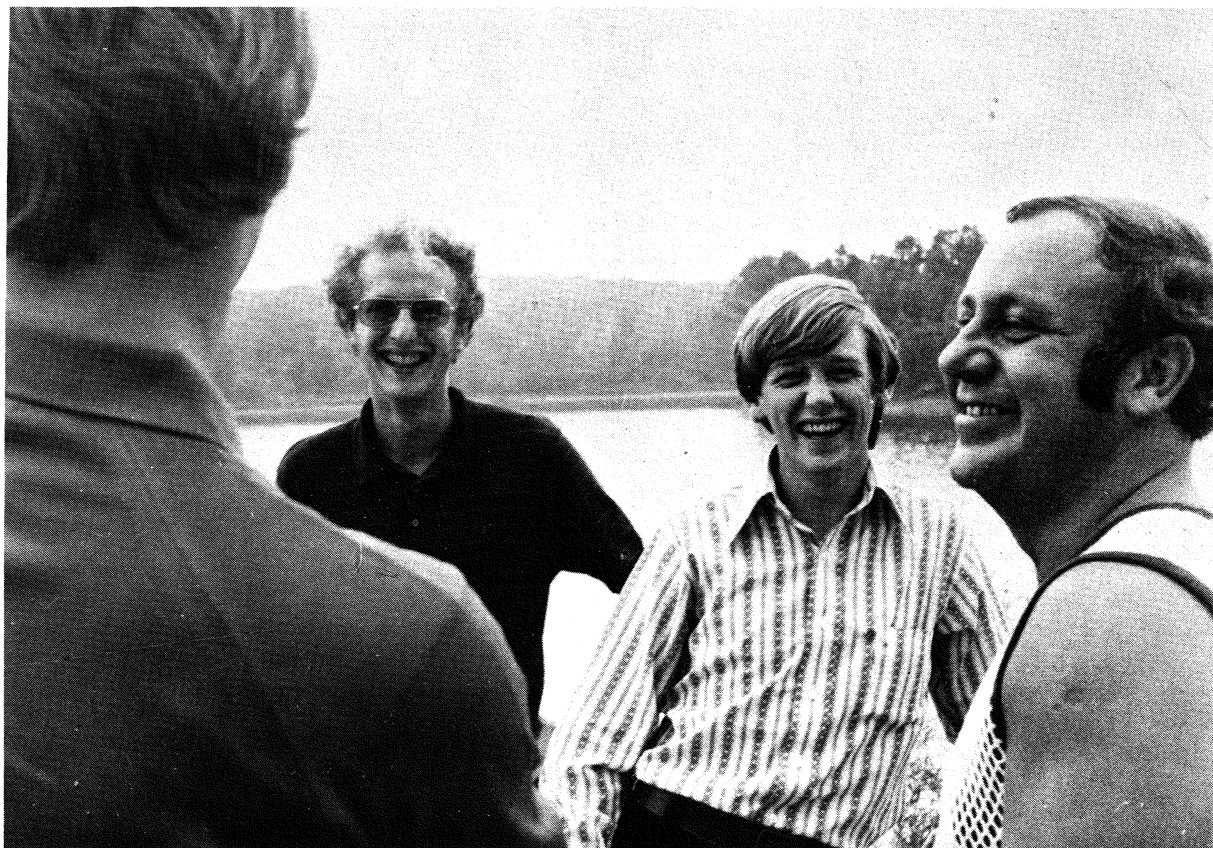

Pledges that fulfilled their pledgeship requirements and financial obligation were initiated into our brotherhood with all privileges accorded membership on September 4, 1980 at the First United Methodist Church. These initiated were:

Paul Cavaugh — LaCenter, Ky.

Jim Murray — Homestead, Fla.

Bill Nolan — Lima, Ohio

Tracy Thacker — Owensboro, Ky.

CLOSING NOTE

First, I would like to give special thanks to Alumni Brothers Dave Graham and Lynn Gunter who gave me considerable advice and guidance.

Second, much time has been put forth in the preparation of this newsletter. I would like to thank Brothers Mike Devers and Marc Peebles for their advice at various times during this newsletter's preparation. Also I would like to thank all the brothers who wrote articles for this edition because they were of good content and caliber.

Lastly, Alumni support is important to our chapter, not only through contributions, but through participation. I hope that some photographs from this newsletter will bring back a special part of ATO Brotherhood for you.

Due to the small number of actives, our chapter now has grown into a tight group with deep ties of Brotherhood. So, please come back and join us on October 18 and share in this new found Brotherhood, and help us make ATO's 21st Homecoming the best ever!

Fraternally,
Paul Turner
Public Relations Officer
